

PLIER

PLIERS

Pliers is a convenient tool for various purposes. Used for holding, cutting wires, and a variety of other tasks. The **TEKIRO** pliers With high-quality material and precision smooth joint make the many tasks easy to handle.

High quality carbon steel of 42-48 HRC for strength and durability

Induction hardened cutting edges of 60-65 HRC for ultimate performance

Precision machined joint for smooth action

Heavy duty comfortable TPR handle for working long period

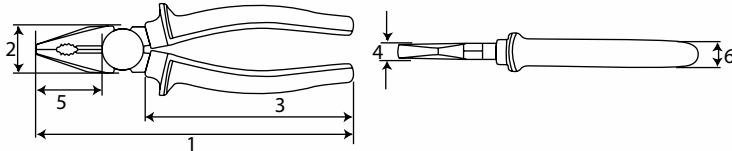

Optimum transmission of force due to ergonomically designed handgrips

LINESMAN PLIERS

TANG KOMBINASI

LOCKING PLIERS

TEKIRO Locking Plier Curve Jaw has a powerful locking action with wide jaw opening to clamp large round objects and same time with small enough tips to grip tiny objects. The curve jaw with hardened teeth are designed to grip a variety of shapes from any angle. The classic trigger release provides safety and security during release of the jaw from the material. Also known as a portable clamp, the clamping force could exceed 2 tons in clamping force depending of the size of the plier.

Used as a portable clamp

Curve jaw locking plier clamped onto a round pipe

ELECTRONIC PLIERS

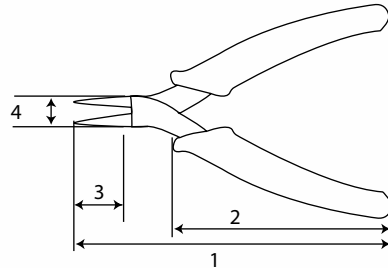

Tools for electronic use are manufactured to high precision and excellent functionality. It guarantees a complete match with the objects being worked on, even in hard to access places. These tools provide several functions such as cutting, turning, bending, removing and pressing cables, which makes work faster and without additional physical strain. Top materials are carefully selected to manufacture these tools to prevent rapid wear.

PLUG CRIMPER 3 IN 1

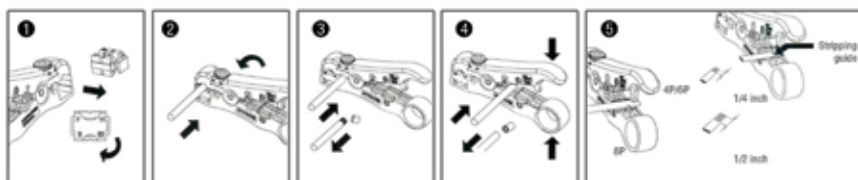

The all-in-one Ratcheting Modular Crimper/Stripper cuts, strips and crimps paired-conductor cables (round STP/UTP and flat-satin phone cables).

1. Cuts modular cable to the desired length
2. Strips modular cable (4P/6P)
3. Strips modular cable (8P)
4. Strips round cable
- 5,6. Inserts stripped cable into plug, and crimps (6P/8P)
7. Crimps modular cable (4P) on the back of the tool

2 BLADE CABLE STRIPPER

This tool gives users an easy and cost-effective way to cut and strip wire, coaxial cables, round cable and flat cable with replaceable blade.

1. Cassette is reversible
2. Strips coaxial cable
3. Strips round cable
4. Cuts cable
5. Strips flat cable
